Workshop 8: Getting Ready for the Final Assessment

Valery Herrera · Workshop 8

4.3	173 / 205	PASS
NOTA	points	pass is 3.0

Part by part

Part	Score	What happened
1 Colours	**15 / 18**	Missing letters all six right.
2 The alphabet	**12 / 15**	Alphabetical order needs a look.
3 Body parts	**27 / 30**	*hair* and *head* swapped; one word unreadable.
4 Food and habits	**12 / 22**	**Section 4C was left completely blank.**
5 Fruits and vegetables	**16 / 18**	Fruit or vegetable: all ten right.
6 Animals	**22 / 22**	**Full marks.** Every one.
7 Transport	**11 / 12**	Almost perfect.
8 In, on, under	**17 / 18**	Nearly perfect, drawings included.
9 Grammar	**25 / 30**	Questions are the weak spot.
10 All about me	**12 / 15**	Profile complete. The six sentences missed the task.
Bonus code	**4 / 5**	Four words cracked.
Total	**173 / 205 = 4.3**	

What you did well

- **Section 6 is full marks.** Twelve wild-or-domestic, six riddles and four farm-or-jungle without one mistake.
- All six missing colour letters right, all ten fruit-or-vegetable right, and all six prepositions in 8A.
- Section 9C and 9D are perfect: *am*, *is*, *are* and all three negatives.
- Four of the five secret-code words cracked, which takes real patience.

What to work on before the next workshop

- **Section 4C was left blank.** Five points were sitting there and the word bank was printed right above it. Before the assessment, go back and do it: it is the easiest page in the workshop.
- **Yes/no questions turn the sentence round.** *The cat is black* becomes *Is the cat black?* Practise this before the assessment.
- *a* or *an*: *an elephant*, *a table*. You had four of six.
- Alphabetical order: **a**pple, **h**orse, **m**ilk, **t**rain.
- Write more darkly. Three of your answers could not be read in the scan at all, and in the real assessment an answer nobody can read scores nothing.

What to fix

Lo que escribiste, y lo correcto.

Where	You wrote	It should be

1B.2	lemon = green	**lemon = yellow**
1C	blue + red = turquise	**blue + red = purple**
2A.6	the letter after N	**O**
2C	apple, milk, horse, train	**apple, horse, milk, train**
3A.1 / 3A.3	1 Head, 3 Face	**1 hair, 3 head**
3A.7	not readable	**leg**
4A	water and meat under the wrong headings	**Proteins: meat, cheese, beans. Other: water, pasta, cereal.**
4C	all five gaps left blank	**1 fruit 2 water 3 hands 4 teeth 5 eight**
5B.3	lechuga — not readable	**lechuga = lettuce**
5C.4	M_NGO → e	**MANGO**
7C.1	I come to class by Iam hause	**by bus (you wrote that in Section 10)**
8C.2	the ball is beside the chair	**The ball goes under the seat.**
9A.3 / 9A.6	3 a elephant, 6 An table	**3 an elephant, 6 a table**
9B.4	watch → looking	**watch → watches**
9E.1 / 9E.2	the cat is blak? / the bananas are yellow?	**Is the cat black? / Are the bananas yellow?**
10B	six sentences about being clean	**The task asked for in, on and under, e.g. *My ball is under the bed.***
Bonus.3	GR?ON	**GREEN**

Notes for the teacher

- The copy the children received still had the teacher answer page as page 13. It is printed with "Delete this last page before you give the workshop to the students" and it was not removed. Both children scored full marks on all three matching exercises (3B, 3C, 9F), so those 17 points should be treated as unverified.
- Workshop 8 says on its own first page that it has no nota. A score is given here because you asked for one: it is out of the 200 points in the contents table, with the bonus counted on top of the 200 rather than inside it. Emily 175 + 3 bonus = 178, nota 178 ÷ 200 × 5.0 = 4.5. Valery 169 + 4 bonus = 173, nota 173 ÷ 200 × 5.0 = 4.3. Without the bonus they are 4.4 and 4.2.
- Sections with uneven item counts were scored proportionally, e.g. Section 1 has 14 items for 18 points.
- Marked against the teacher answer page in the packet (page 13).
- Two items could not be read in the scan (3A.7, which looks like *LeFn* rather than *leg*, and 5B.3) and were marked wrong. If you can read them on the original, the total rises accordingly. Her two 9F answers on the sideways page 10 were readable once the page was turned upright: both are right, and they are counted.
