The pages that follow are your original test with marks added. Each question has a green tick or a red cross in the margin. Your own answer is already on the page. Where an answer is wrong, the correct answer is written in green next to it. In the reading section, a note in teal points to where the answer is in the text.

> Focus for next class: the reading section. Most answers there were marked wrong, usually choosing False where the answer was True.

¿Y en un examen oficial?

Erika, con un 77% aprobarías un examen oficial de este nivel, como el Cambridge A2 Key, donde el aprobado está alrededor del 60%. Tu resultado está claramente por encima de esa línea, así que sería un buen aprobado. Ten en cuenta que un examen oficial es cronometrado: tendrías unos 60 minutos para la parte escrita (lectura, gramática y vocabulario) y unos 30 minutos para el listening. Por eso conviene practicar con reloj.

A LIFE IN THE DAY

THE SUPERSTAR DJ DAVID GUETTA

A LIFE IN THE DAY

THE SUPERSTAR DJ DAVID GUETTA

I wake up at about 1.00 p.m., and the first thing I do is go outside. I live in Ibiza and I like having breakfast in the sun. I usually have fruit juice, eggs, fruit, and tea. I never drink coffee. After breakfast, I answer my emails for an hour, then I go to the gym.

I never listen to music in the house, or even in the car, because music is my job. On a typical day I spend two or three hours in my studio, then

another four hours at a nightclub. My work starts in the evening. I usually have dinner in a restaurant, and then I go to the club. I try to have a normal life, but my job isn't normal. I arrive at a club like a secret agent – I go in through the back door and Security takes me to the stage.

I finish work at 4.00 in the morning. Security takes me out, and then I go home. After about four hours playing music I'm very excited. My manager says, 'Go home and sleep', but that's impossible. First I need to calm down. When I get home I have a cup of tea, brush my teeth and say, 'Thank you for this wonderful life'. I am 47 now, but I want to do this when I'm 60 or 80. I want to do this forever.
